(i) **Minimum Charges; Proration; Additional Charges.** Any user discharging waste to the system shall be charged for a minimum quantity of flow, as shown in Table B-2 of Attachment B following this chapter. Included in the minimum charge is the cost for 1,000 gallons of consumption per monthly billing period.

Whenever a bill is rendered for less than a billing period, the capital charge shall be prorated for the number of days the service was rendered in the billing period. All wastewater discharged shall be billed at the then applicable user charge rate. An additional minimum charge for sewer service shall be added monthly for each dwelling unit or separate commercial establishment, over one, served by the same meter. Minimum charges for additional dwelling units served by the same meter and billed to one account will be appropriate multiples of this schedule.

(j) **High Strength Surcharges.** In addition to the minimum charge and the commodity charge enumerated in this section, any user discharging wastewater containing BOD or CB-BOD in excess of 200 mg/l, SS in excess of 250 mg/l or total phosphorus in excess of 11 mg/l, shall pay the following additional charges:

	<i>Rate Per 100 Pounds of Excess</i>	
	Effective 1-1-09	Effective 1-5-12
BOD or CB-BOD(over 200 mg/l)	\$40.00	\$42.00
SS (over 250 mg/l)	40.00	42.00
Phosphorus (over 11 mg/l)	280.00	285.00

Effective January 1, 2020, in addition to the minimum charge and the commodity charge enumerated in this section, any user discharging wastewater containing BOD or CB-BOD in excess of 200 mg/l, TSS in excess of 225 mg/l, or total phosphorus in excess of 11 mg/l, cod in excess of 375 mg/l shall pay the following additional charges:
